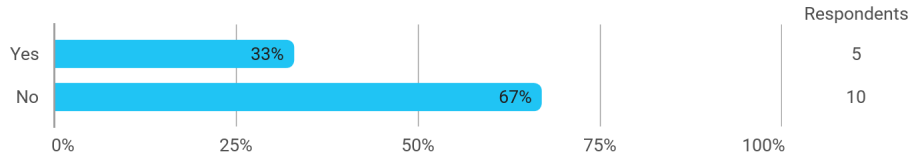
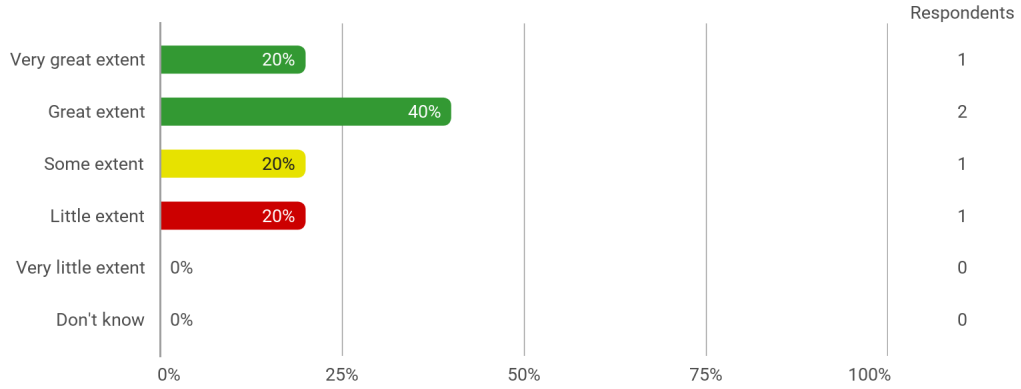
AALBORG UNIVERSITET

Project module: Biomedical signal analysis and processing

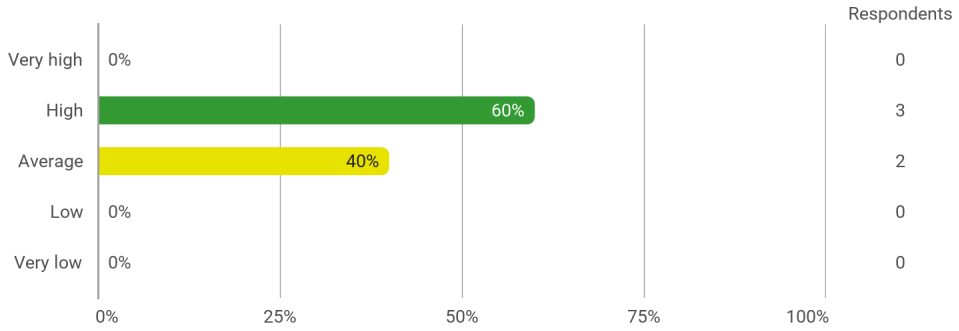
Have you attended the project module: Biomedical signal analysis and processing?



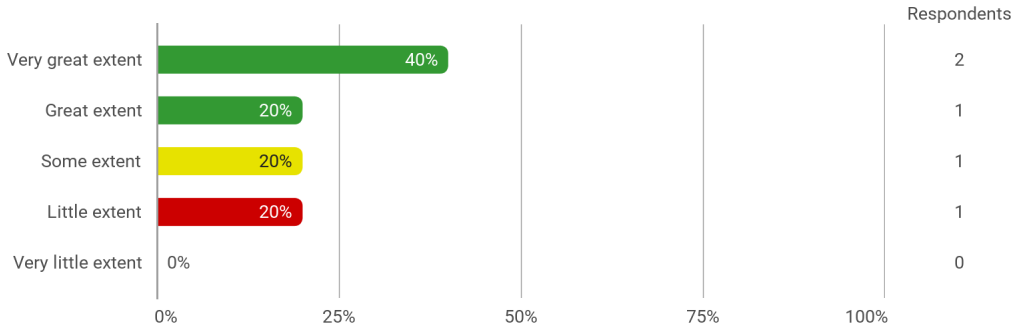
To what extent has the project work given you the opportunity to meet the module's learning objectives (as they are described in the curriculum)?

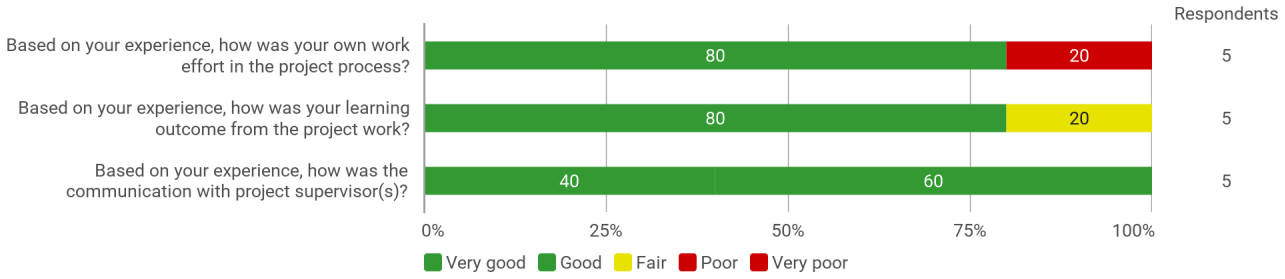


Based on your experience, how was the academic level of the project work?

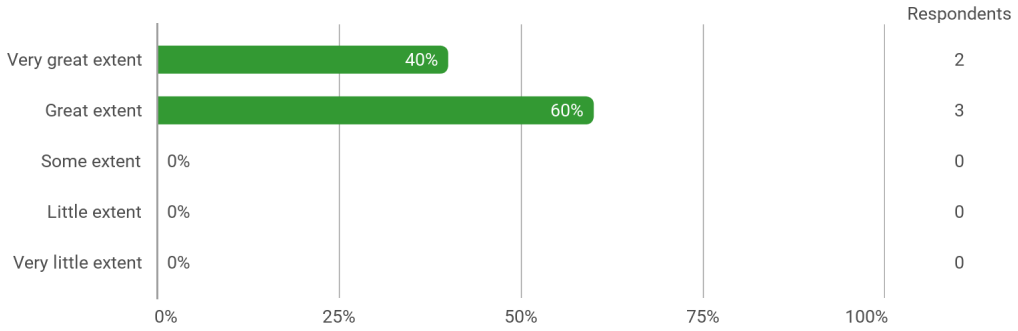


Based on your experience, to what extent have you applied knowledge, skills and competencies acquired in previous semesters in the project work?

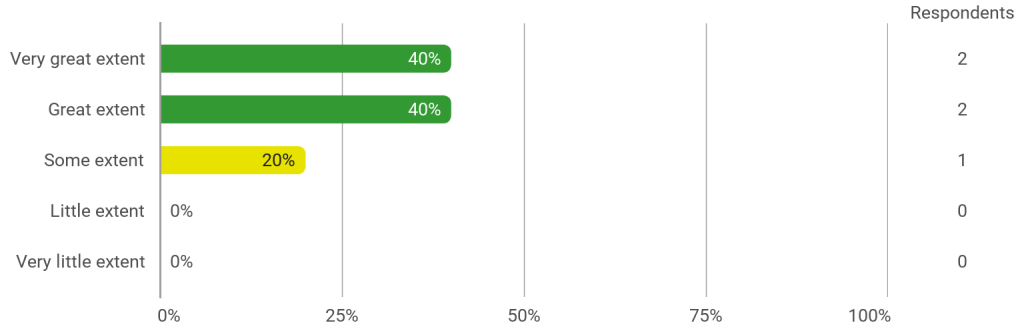




Based on your experience, to what extent were the project supervisor(s) engaged and available for the project?

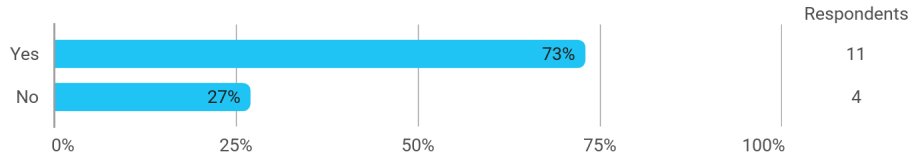


Based on your experience, to what extent do you feel that you have had the opportunity to receive feedback on your academic performance during the project exam, and that you have gained insight into the reasoning behind the grade you received?

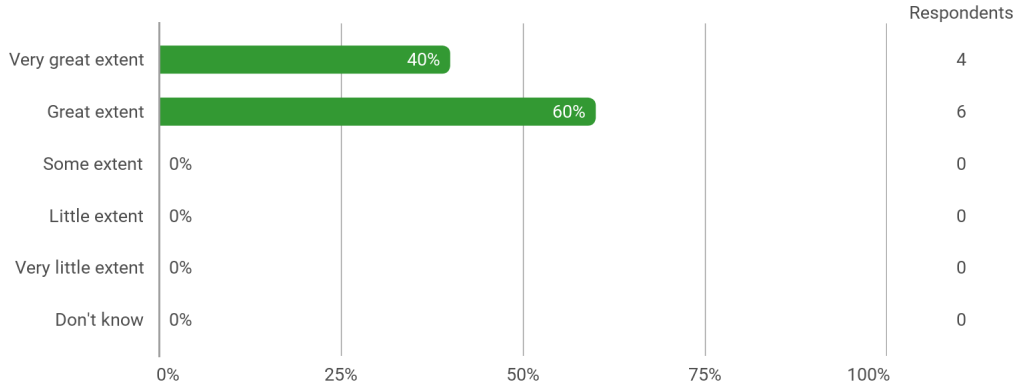


Project module: Clinical information systems and models

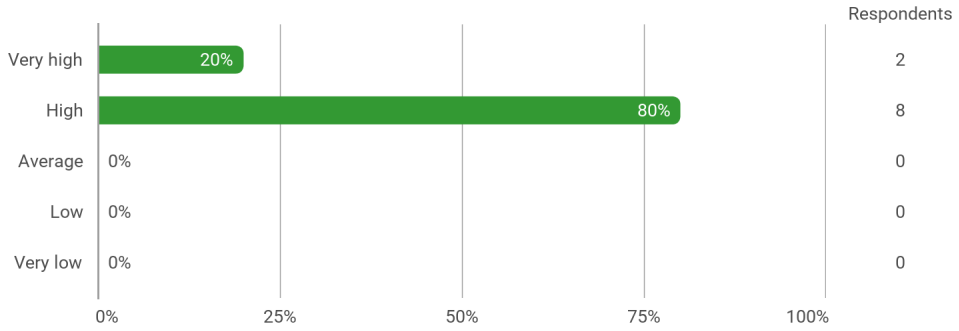
Have you attended the project module: Clinical information systems and models?



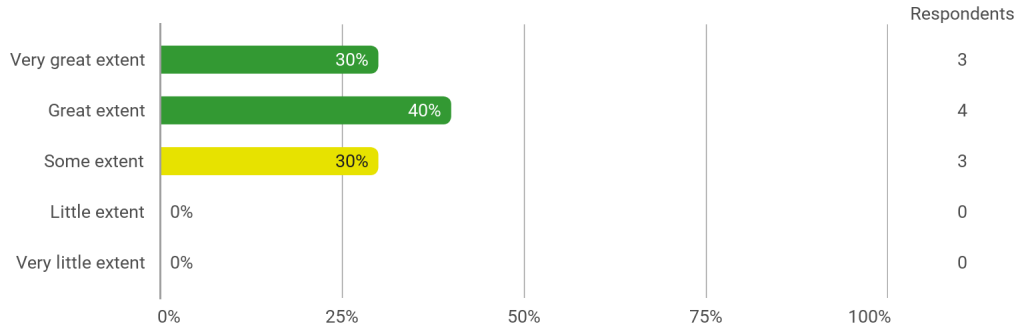
To what extent has the project work given you the opportunity to meet the module's learning objectives (as they are described in the curriculum)?

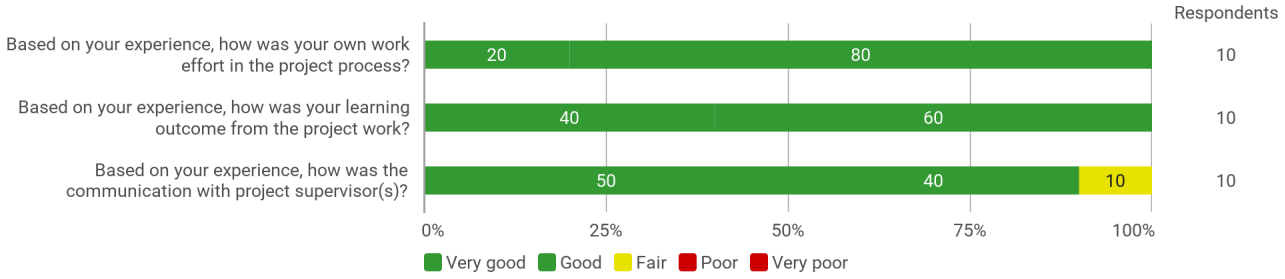


Based on your experience, how was the academic level of the project work?

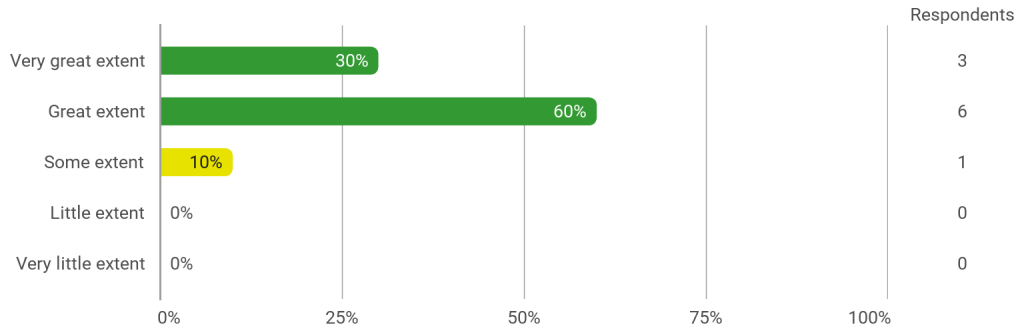


Based on your experience, to what extent have you applied knowledge, skills and competencies acquired in previous semesters in the project work?

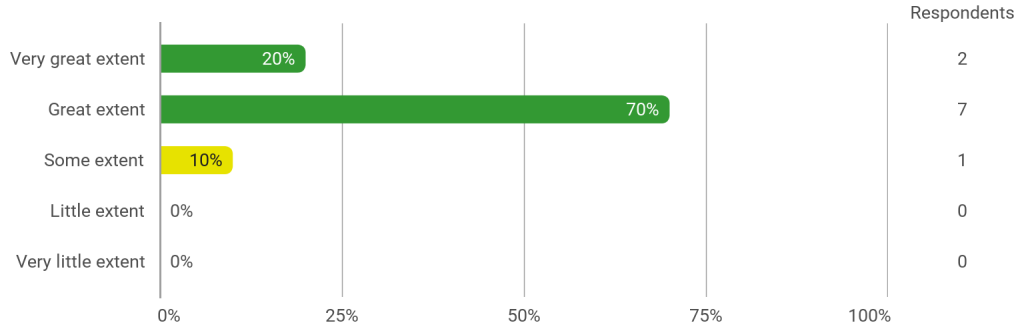




Based on your experience, to what extent were the project supervisor(s) engaged and available for the project?

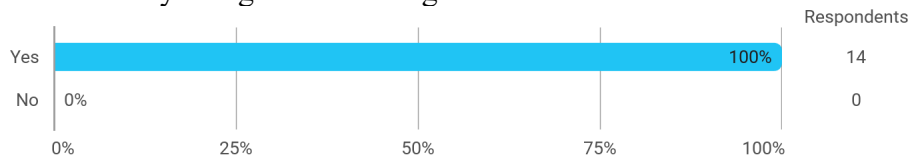


Based on your experience, to what extent do you feel that you have had the opportunity to receive feedback on your academic performance during the project exam, and that you have gained insight into the reasoning behind the grade you received?

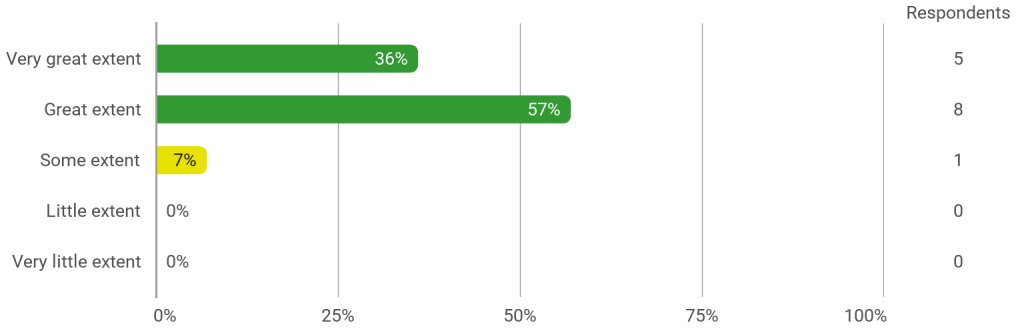


Course module: Physiological modelling

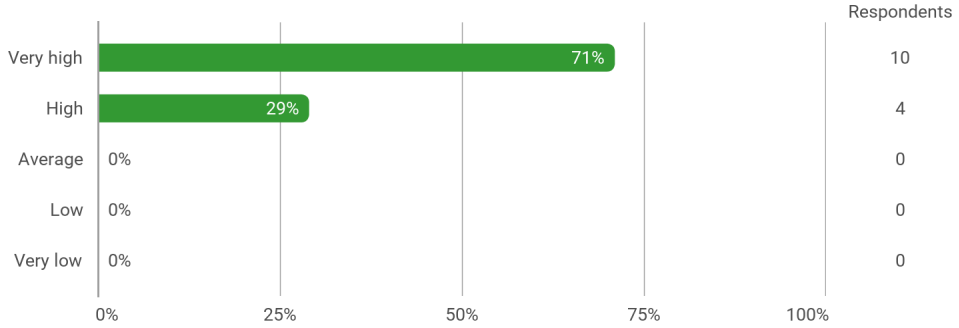
Have you attended the course module: Physiological modelling?



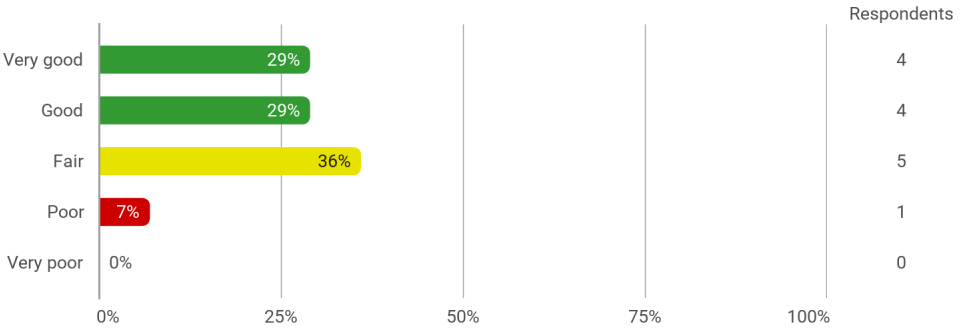
Based on your experience, to what extent did the module match the semester description?



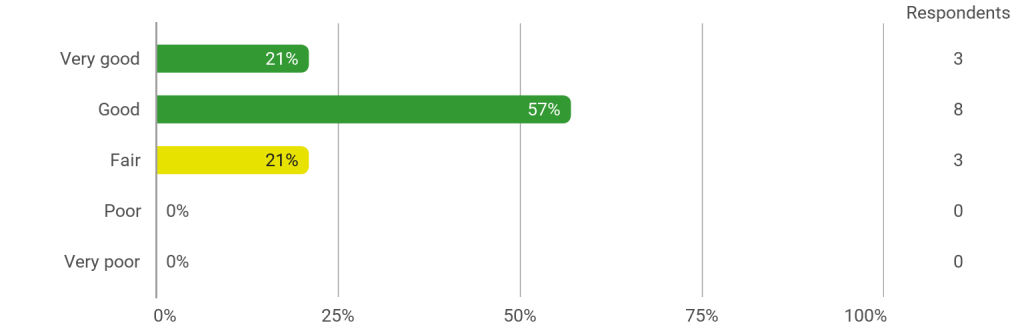
Based on your experience, how was the academic level of the module?



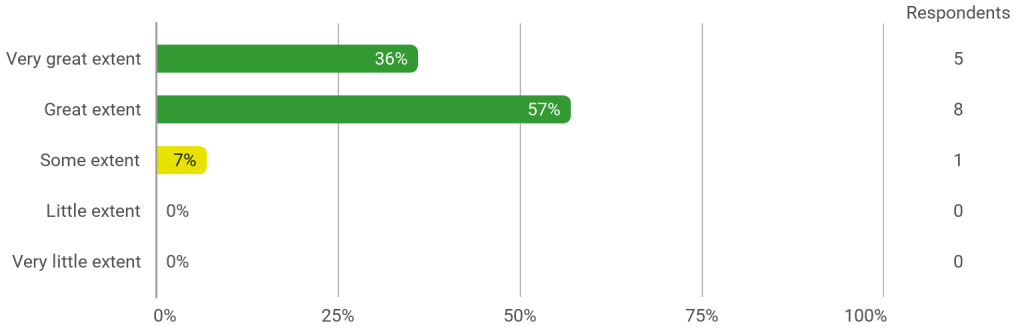
Based on your experience, how was your own preparation and work effort in the module?



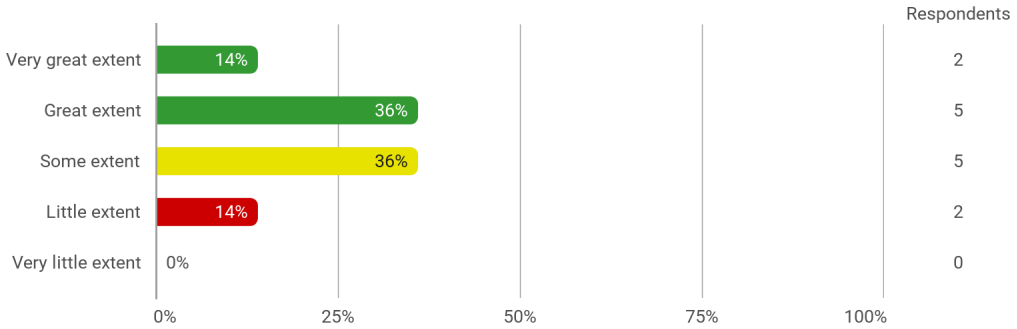
Based on your experience, how was your learning outcome from the module's activities?



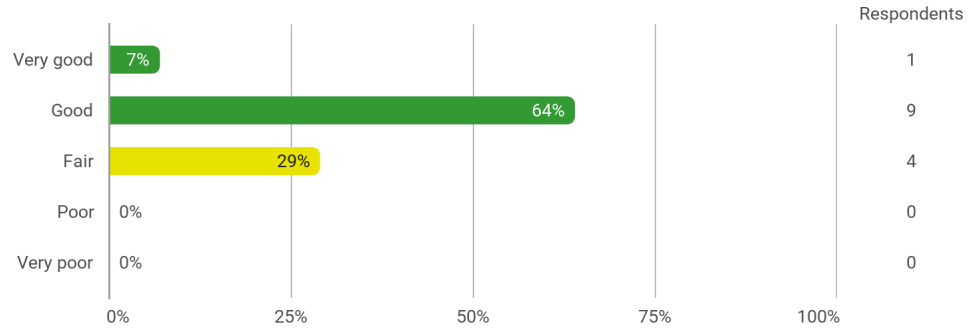
Based on your experience, to what extent did the module's activities facilitate collaboration with your fellow students?



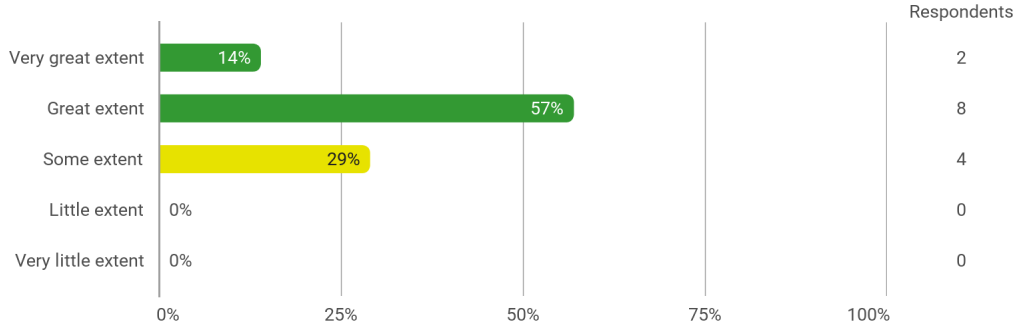
Based on your experience, to what extent did you have the opportunity to receive feedback from the module's teachers?



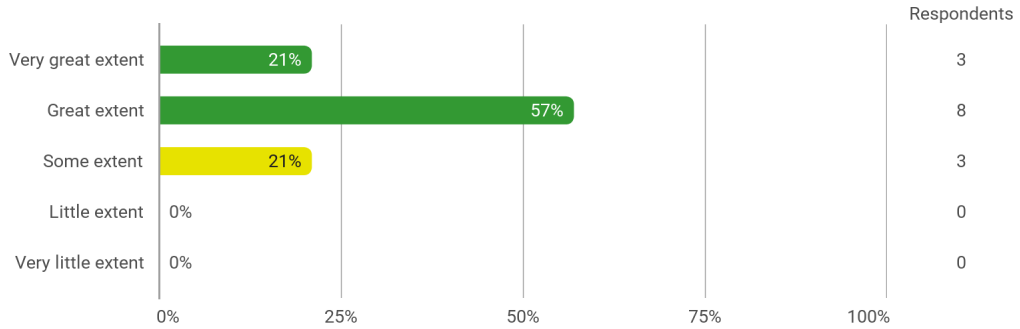
Based on your experience, how was the communication from the module's teachers about the module's activities and content?



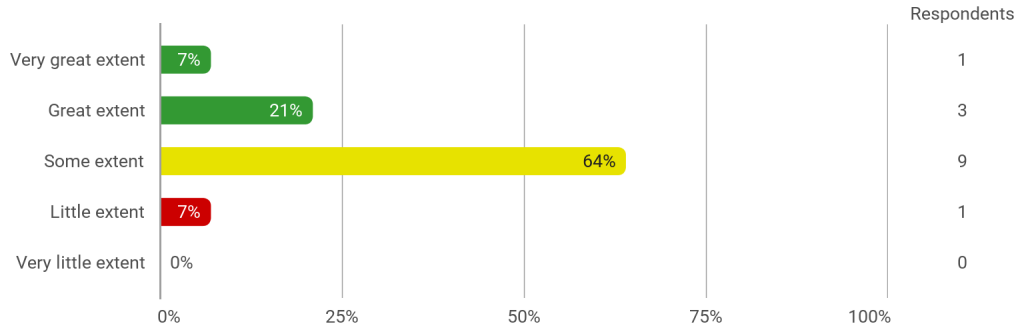
To what extent have you found that the module's activities and literature supported the learning outcomes of the course?



To what extent do you feel that the course exam was based on the learning objectives of the course?

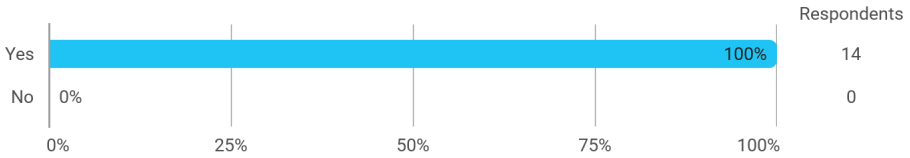


To what extent do you feel that the information regarding the course exam was clearly communicated and aligned with the course's learning objectives and content?

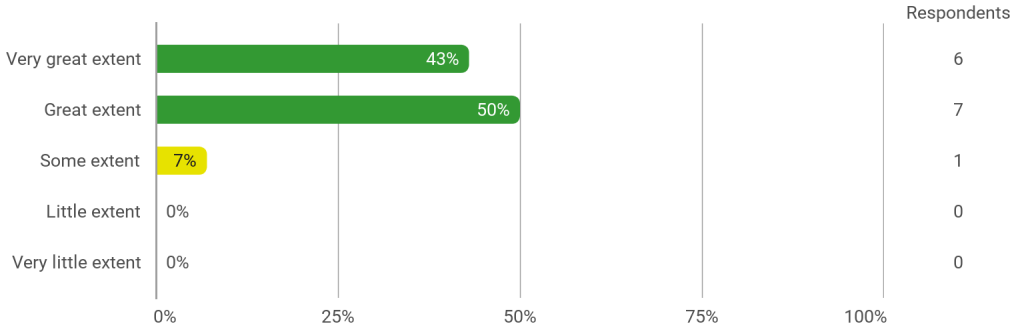


Course module: Machine learning

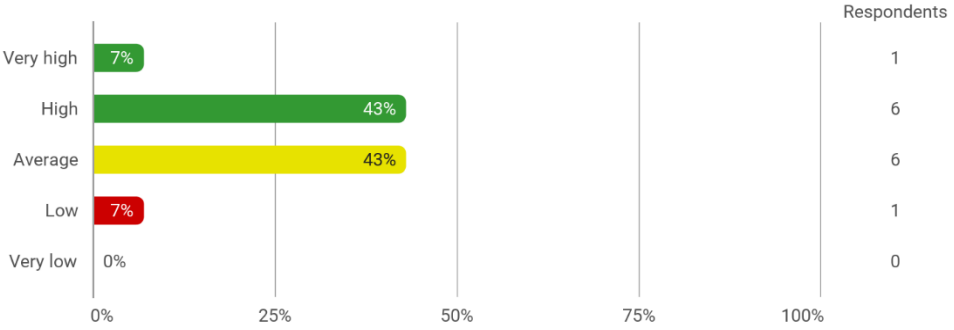
Have you attended the course module: Machine learning?

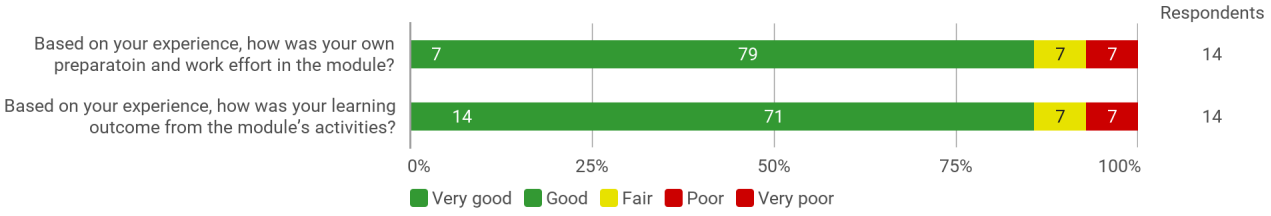


Based on your experience, to what extent did the module match the semester description?

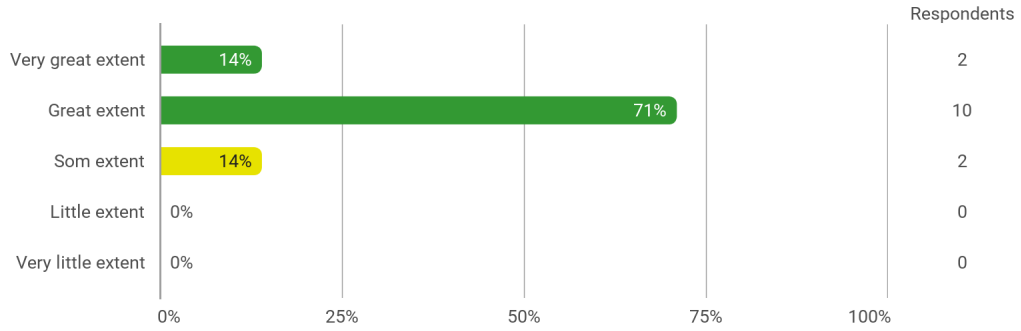


Based on your experience, how was the academic level of the module?

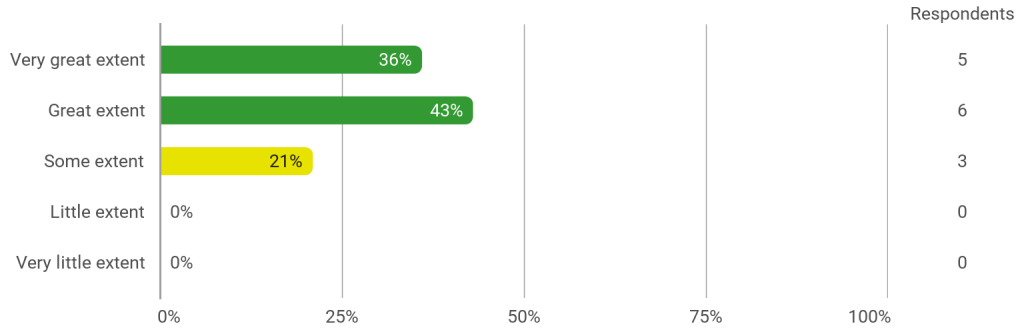




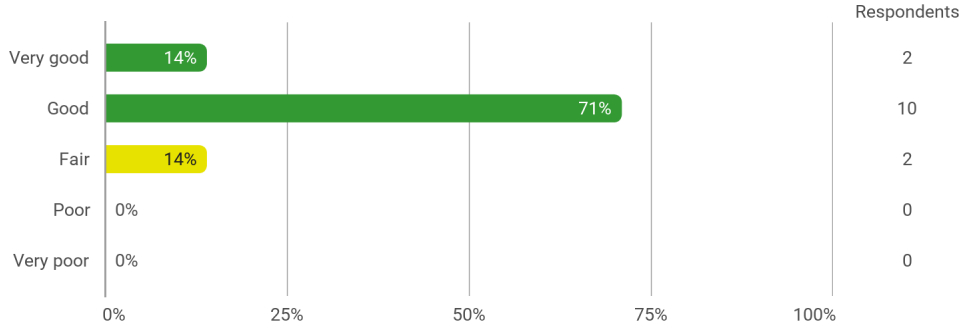
Based on your experience, to what extent did the module's activities facilitate collaboration with your fellow students?



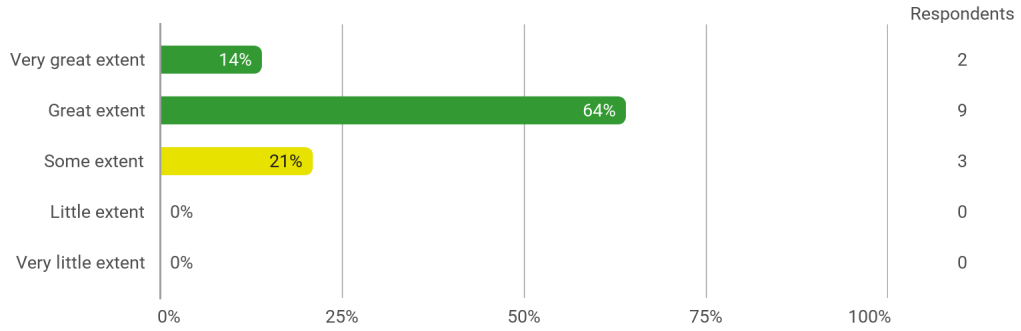
Based on your experience, to what extent did you have the opportunity to receive feedback from the module's teachers?



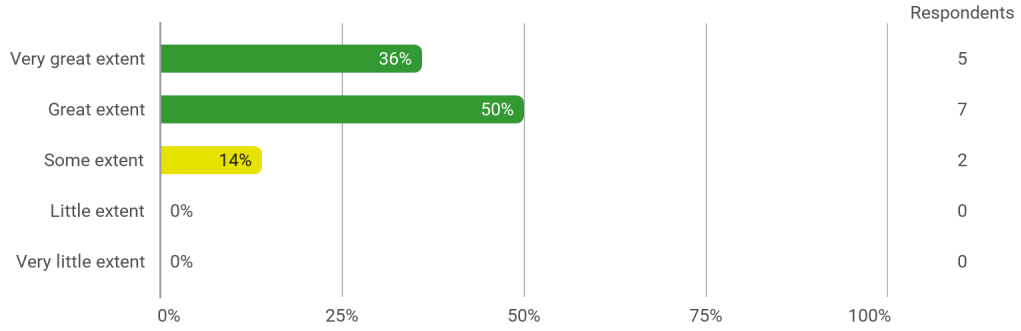
Based on your experience, how was the communication from the module's teachers about the module's activities and content?



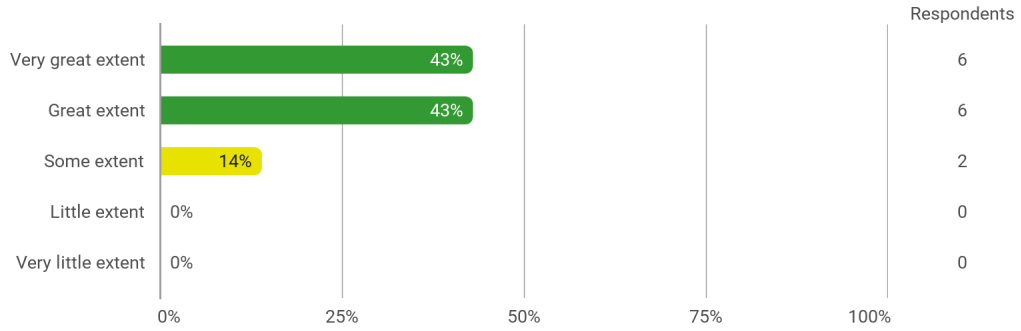
To what extent have you found that the module's activities and literature supported the learning outcomes of the course?



To what extent do you feel that the course exam was based on the learning objectives of the course?

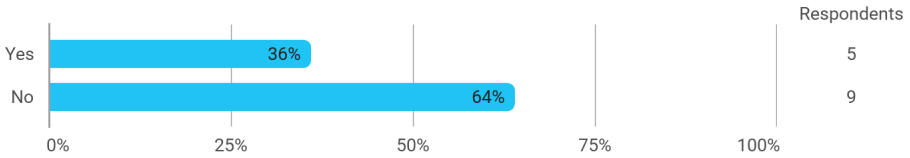


To what extent do you feel that the information regarding the course exam was clearly communicated and aligned with the course's learning objectives and content?

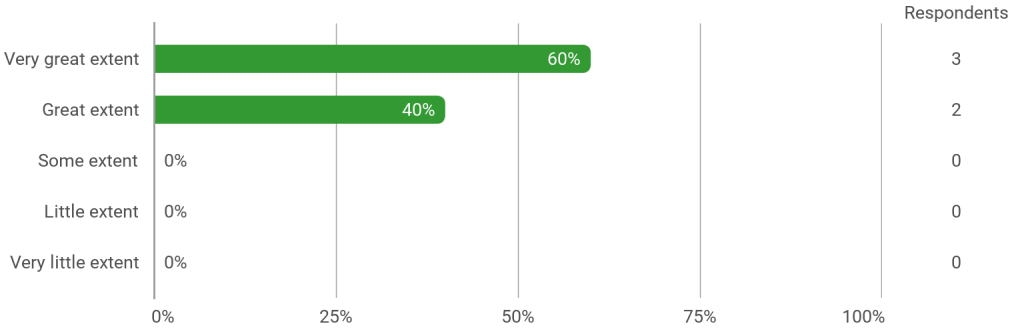


Course module: Image Analysis

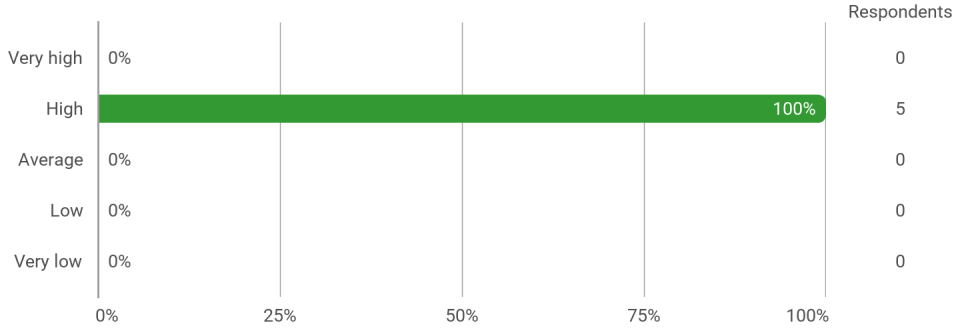
Have you attended the course module: Image Analysis?

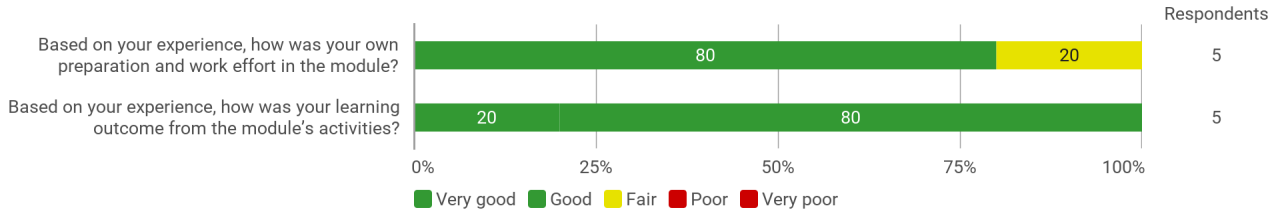


Based on your experience, to what extent did the module match the semester description?

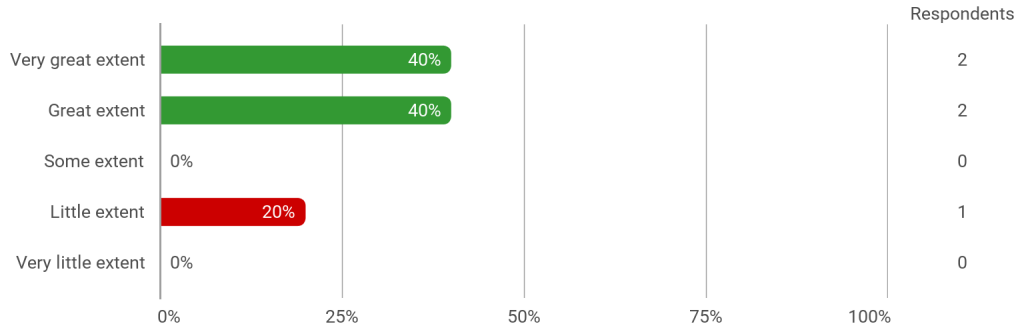


Based on your experience, how was the academic level of the module?

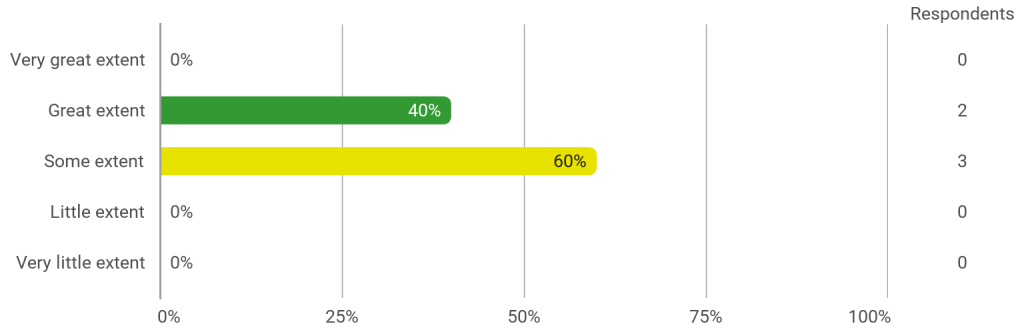




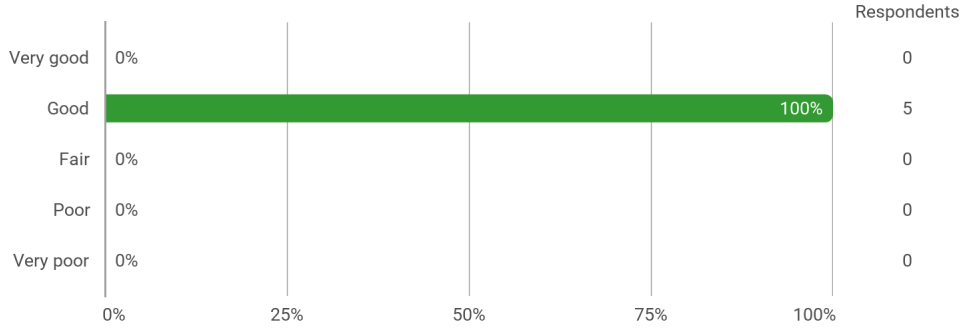
Based on your experience, to what extent did the module's activities facilitate collaboration with your fellow students?



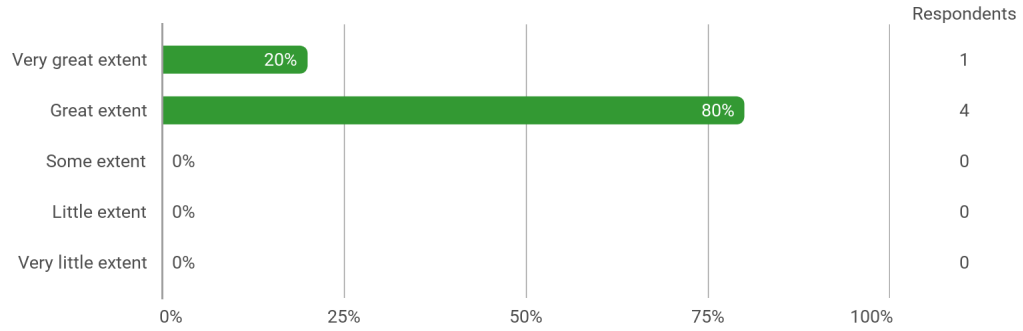
Based on your experience, to what extent did you have the opportunity to receive feedback from the module's teachers?



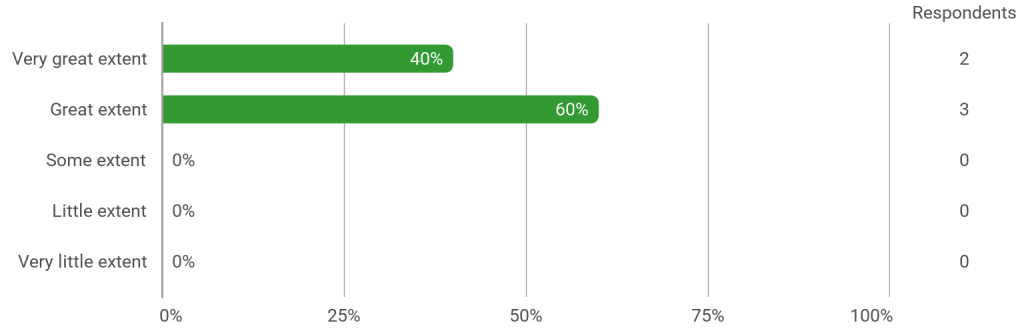
Based on your experience, how was the communication from the module's teachers about the module's activities and content?



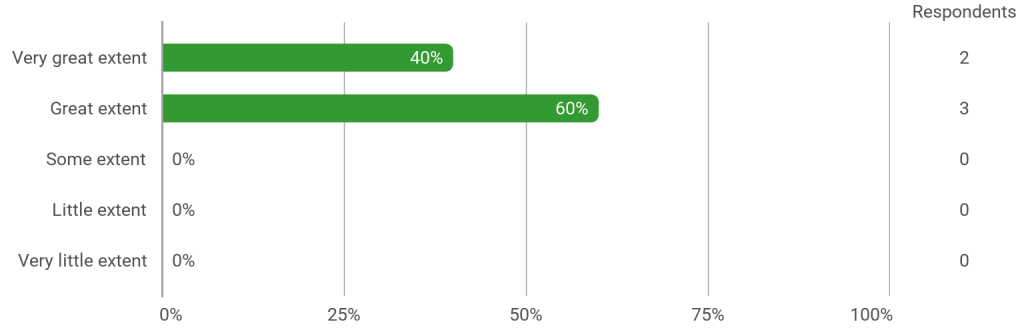
To what extent have you found that the module's activities and literature supported the learning outcomes of the course?



To what extent do you feel that the course exam was based on the learning objectives of the course?

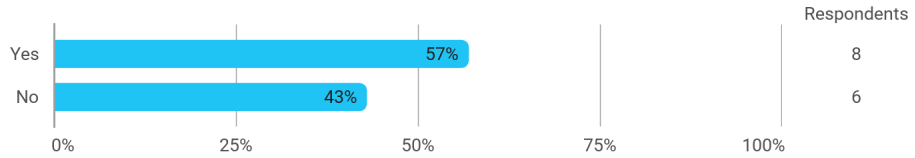


To what extent do you feel that the information regarding the course exam was clearly communicated and aligned with the course's learning objectives and content?

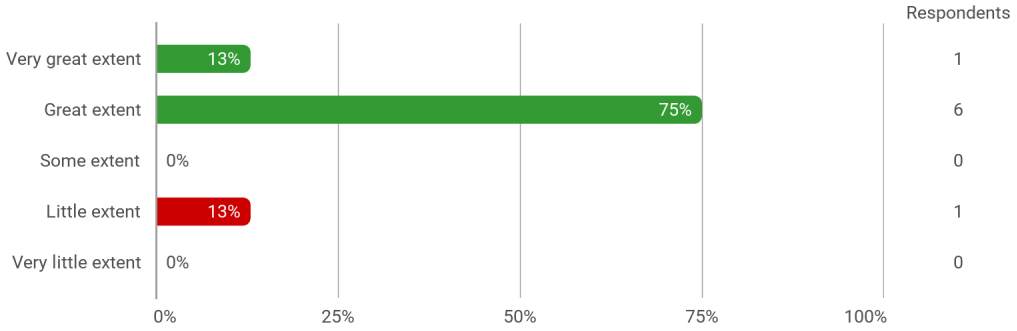


Course module: Rehabilitation Technology

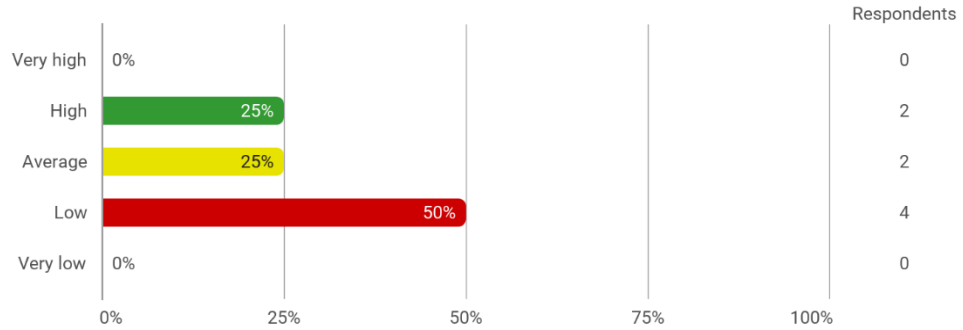
Have you attended the course module: Rehabilitation Technology?



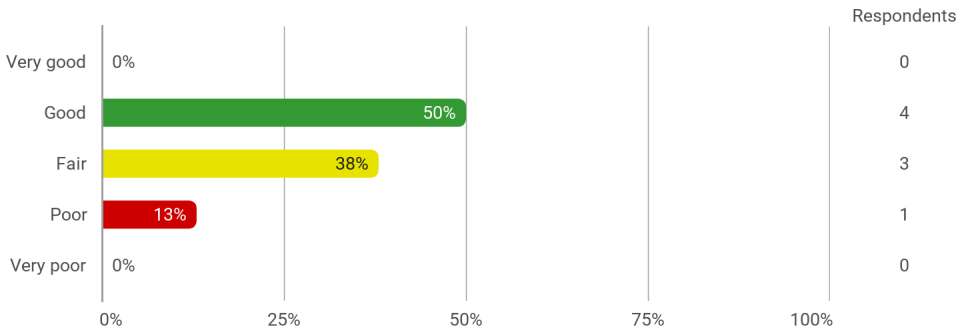
Based on your experience, to what extent did the module match the semester description?



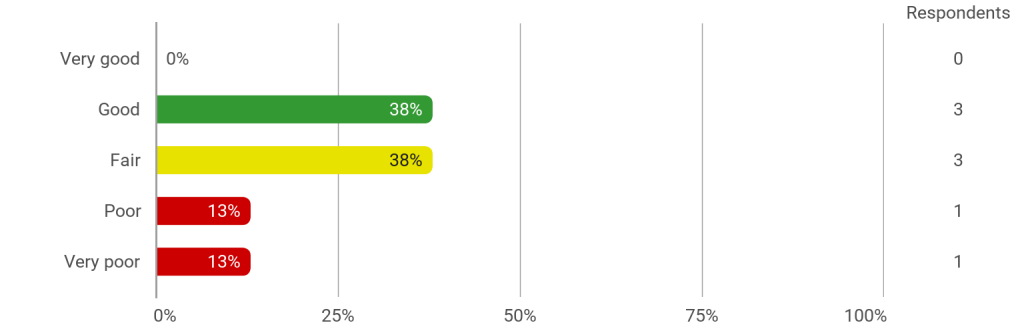
Based on your experience, how was the academic level of the module?



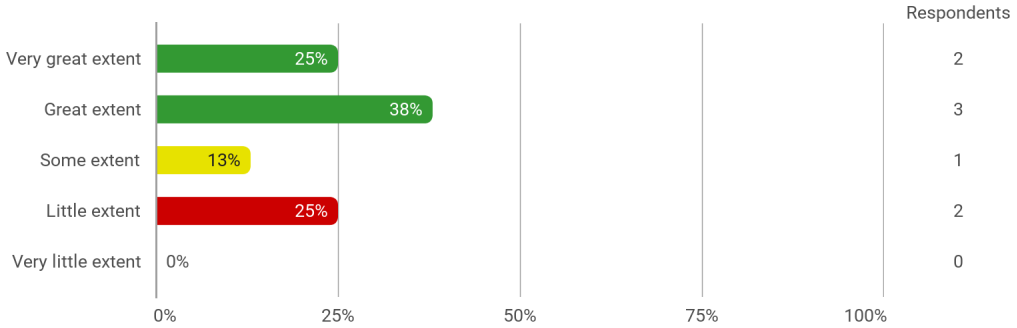
Based on your experience, how was your own preparation and work effort in the module?



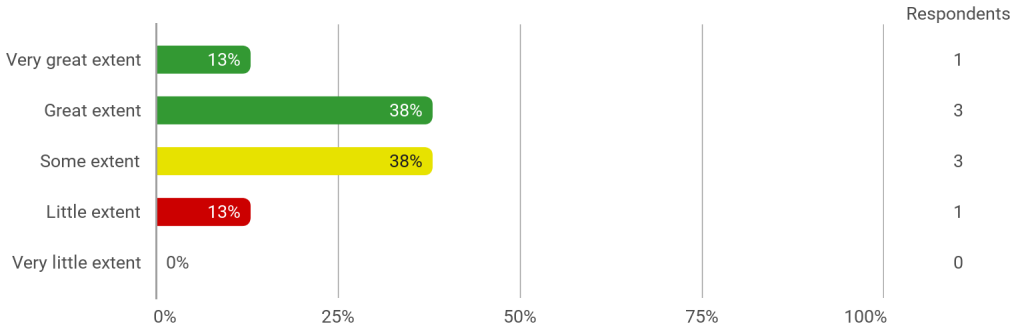
Based on your experience, how was your learning outcome from the module's activities?



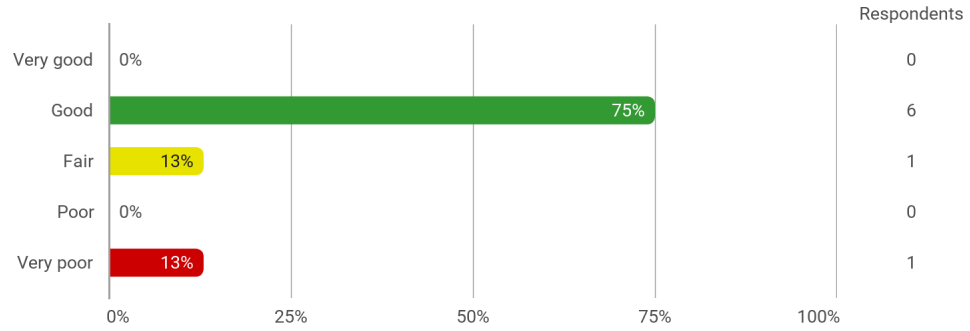
Based on your experience, to what extent did the module's activities facilitate collaboration with your fellow students?



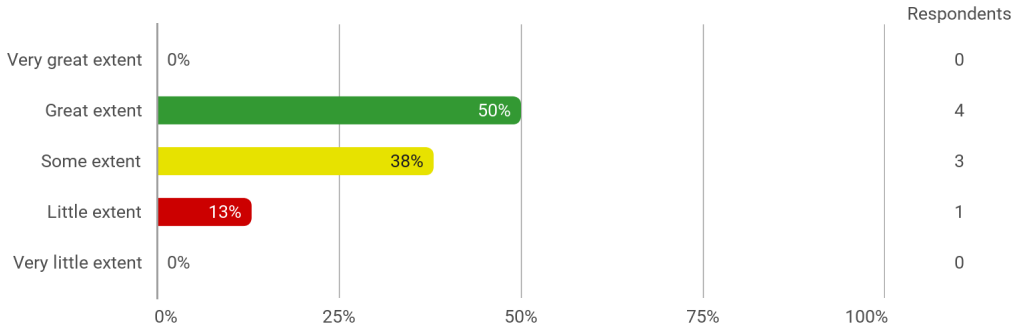
Based on your experience, to what extent did you have the opportunity to receive feedback from the module's teachers?



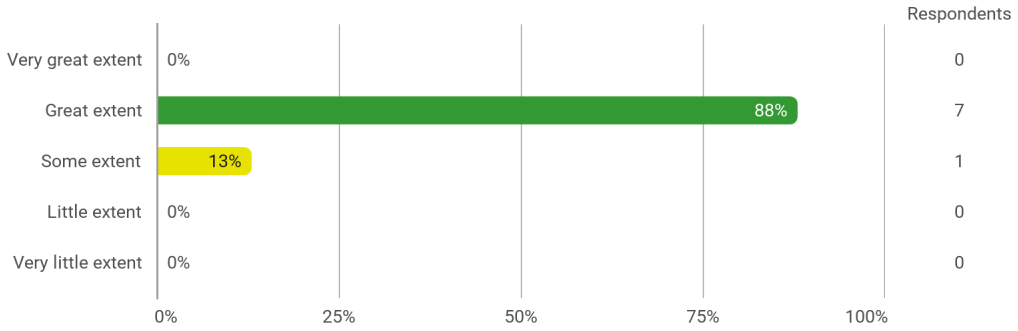
Based on your experience, how was the communication from the module's teachers about the module's activities and content?



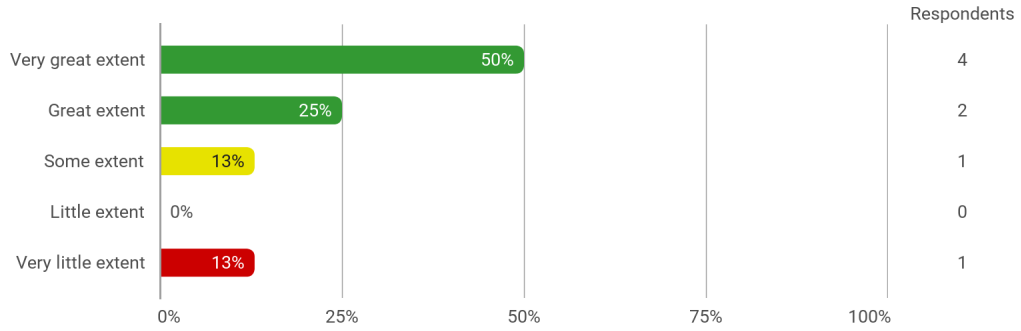
To what extent have you found that the module's activities and literature supported the learning outcomes of the course?



To what extent do you feel that the course exam was based on the learning objectives of the course?



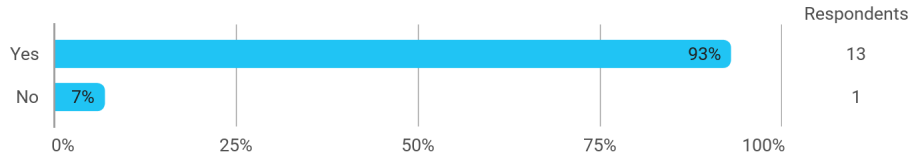
To what extent do you feel that the information regarding the course exam was clearly communicated and aligned with the course's learning objectives and content?



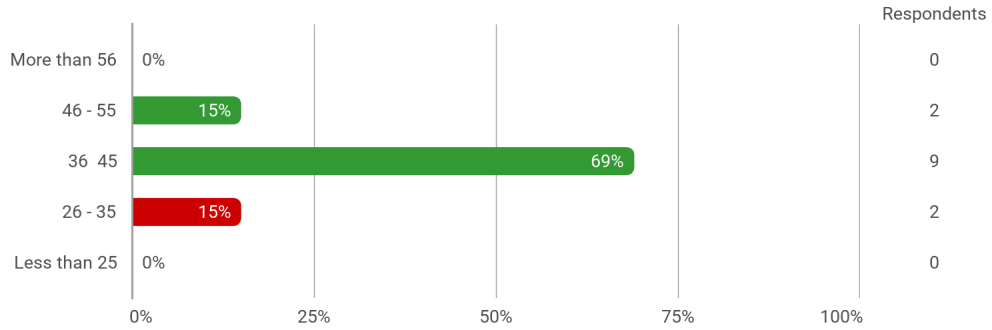
The semester in general

Have you participated in all of the semester's course and project modules?

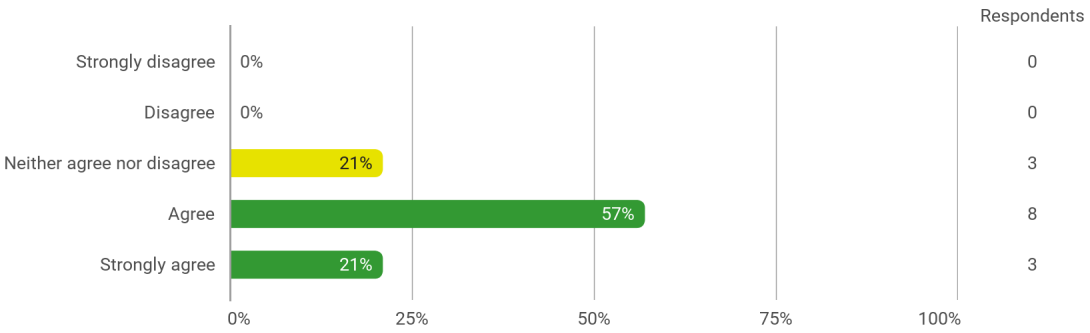
(If you are following an individual study plan, please answer "No" to this question)



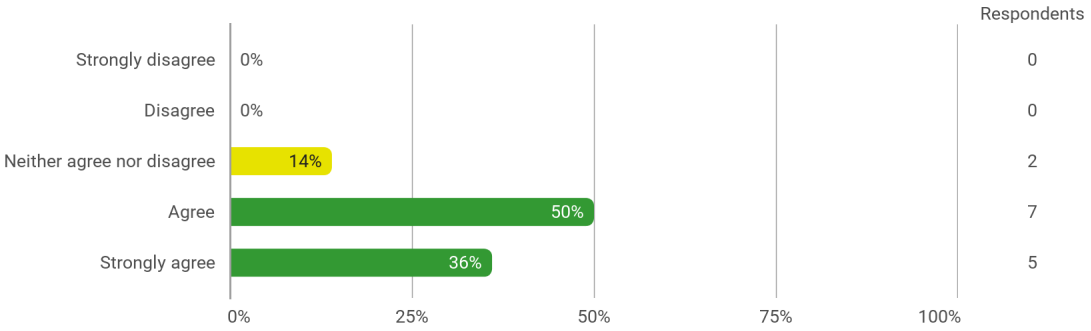
How many hours on average have you spent on your studies per week during this semester (including the exam period)? This refers to the total time spent - including scheduled activities (lectures, courses, etc.), independent study, and project work.



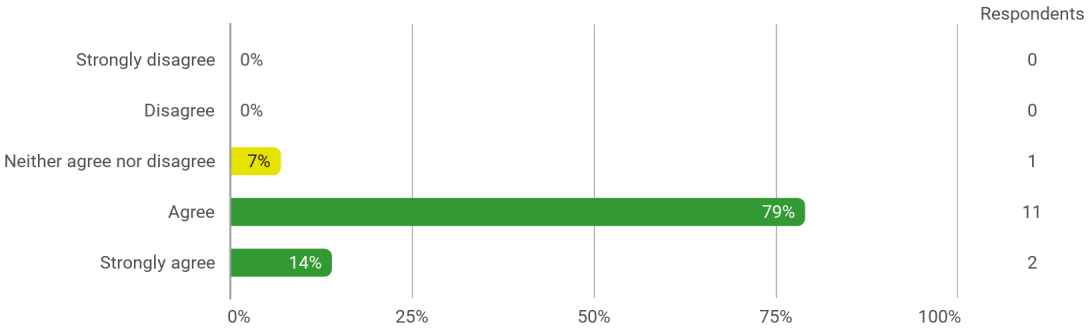
To what extent do you agree or disagree with the following statements? - The modules were conducted in a sequence that supported progression



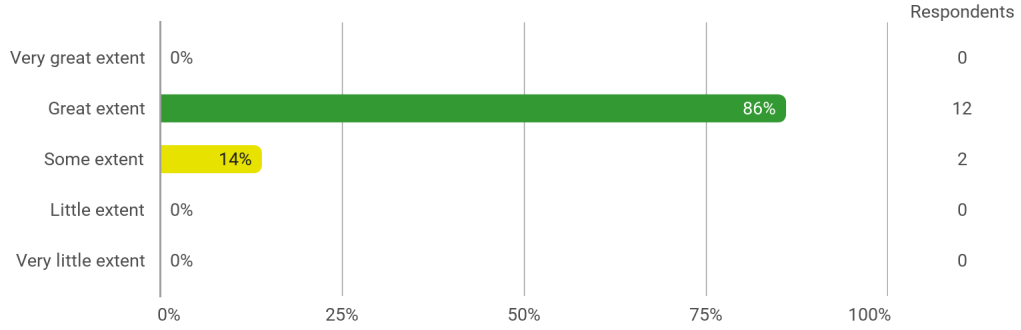
To what extent do you agree or disagree with the following statements? - During this semester, I have applied the knowledge, skills, and competencies acquired in previous semesters



To what extent do you agree or disagree with the following statements? - I can find all relevant information regarding the structure and content of the semester on Moodle



To what extent have you overall experienced having access to facilities that support your work on the project's academic content, such as laboratories, training facilities, the library, etc.?



To what extent have you found that the physical environment supports your learning process (in terms of collaboration and consentration), for instance through access to group rooms and study halls?
