

**Semester group meeting (1). 9. semester
October 3, 2022**

Participants:

Simone Riis Porsborg - semester coordinator
Dorthe Skree - secretary Dorthe Skree
5 Students

Minutes by: Student Simone Riis Porsborg

Agenda:

Evaluation of project start

Minutes:

The students have started their projects in-house and out in collaborations. The project start has been a good experience, and the students have nothing to complain about.

The students ask for:

- more teaching in the calculation of concentrations and dilutions (BM)
- more teaching in the use of directed acyclic graphs (DAGs) to identify confounders on 7. Sem (TM)
- a better package of information for external supervisors/collaborators

The students are informed about:

- the idea behind MedIS Opportunities
- group numbers soon being available
- information about facilities after 1. Nov is sent out separately
