STRATEGIC ACTION PLAN FOR GENDER EQUALITY AND DIVERSITY

Gender Equality Plan 2022-2026

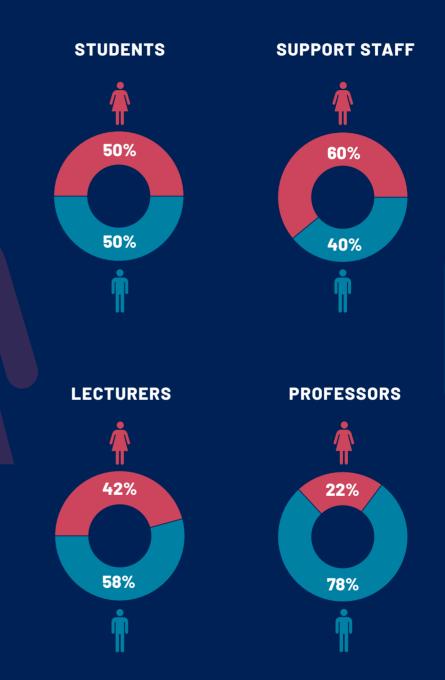

Foreword

Gender equality and diversity are core values for Aalborg University (AAU). Our ambition is to be a *diverse* and *inclusive* organisation; an organisation that sees diversity as a strength and dares to break new ground to create an inclusive culture.

Gender equality and diversity make up part of the foundation of the University's *Knowledge for the World 2022-2026* strategy. A focus on gender equality and diversity will allow the university to attract and retain talent, which will enhance the quality of the university's research, education and knowledge collaboration. Gender equality and diversity are thus a prerequisite for succeeding as a mission-driven university; an AAU that provides answers to today's global challenges.

We have been working to promote gender equality and diversity at AAU since 2017. We have made progress, but there is still work to be done. We all hold the key to change. With it, we can open the door to an organisation where everyone has the same opportunities to develop and fulfil their professional potential, and where together we possess the qualities to create impactful solutions to big challenges.

Background for the action plan

COMMITTEE ON GENDER EQUALITY AND DIVERSITY

Aalborg University's work on gender equality and diversity is anchored in the Committee for Gender Equality and Diversity, which is responsible for strategy development, monitoring and reporting related to those topics. The committee is chaired by a member of the Executive Board, and represents the management and staff level and reports to the Executive Board, as well as the Board.

BACKGROUND ANALYSIS OF GENDER EQUALITY AT AALBORG UNIVERSITY

In 2017, the committee published the report "Gender and diversity initiatives at AAU – perspectives, approaches and trends" in collaboration with the university's Centre for Equality, Diversity and Gender (EDGE). The report reviewed past efforts, presented figures from the organisation and shared the views of staff and managers. The report formed the basis for the "AAU Strategic Action Plan for Gender Equality and Diversity 2017–2021".

AAU'S STRATEGIC ACTION PLAN FOR GENDER EQUALITY AND DIVERSITY 2017-2021

The AAU's strategic action plan for 2017-2021 consisted of 5 intervention areas and 27 interventions to be implemented in the period 2018-2021. The figure to the right shows a selection of major activities undertaken by the university in the strategy period to promote gender equality and diversity at AAU.

SELECTED INTERVENTIONS IN THE STRATEGY PERIOD 2017-2021

Organisational development	Work-life balance	Recruitment and hiring	Women in man- agement	Inter nationalisation
Action plans at	Strategy for	Analysis and	Podcast series	Support for
faculty and department level	maternity schemes	screening of job advertisements	"Videnskabs- mænd er også kvinder"	onboarding and relocation

Focus, efforts and activities

THE UNIVERSITY'S STRATEGIC ACTION PLAN FOR GENDER EQUALITY AND DIVERSITY FOR 2022-26 The AAU Strategic Action Plan for Gender Equality and Diversity 2022–2026 builds on the work of the previous strategy period. In the new period, however, the strategy also covers technical-administrative staff and the students, thereby differing from the previous strategic period, when initiatives were targeted at academic staff.

FOCUS AREAS

In the strategy period 2022–2026, the university will work on two main focus areas for a number of new intervention areas and activities: diversity and inclusion.

The university's focus on diversity is aimed at ensuring a broad representation among staff and students in terms of gender, age, nationality, ethnicity, etc. This is an important consideration in our recruitment and career development efforts.

The university's focus on inclusion is aimed at ensuring that employees are part of an equal community where individuals are recognised for their competences, perspectives and potential. This is an important consideration in relation to the university's organisational culture and the well-being of staff and students.

FOCUS AREAS, ACTION AREAS AND ACTIVITIES OF THE STRATEGIC ACTION PLAN 2022-26

Focus area	Diversity	Inclusion	
Field of action	Recruitment and career development	Organisational culture	Work-life balance
Activity	Reducing bias in recruitment processes	Inclusive language and communication	Proposals for life stage policies
	Reducing bias in promotion processes	Inclusive management	Proposals for flexible working conditions
	Competence develop- ment programme for management talent	Inclusive conditions for people with special needs	Proposals for flexible models for stays abroad

INTERVENTION AREAS AND ACTIVITIES

The university has chosen the intervention area *recruitment* and *career development* with a view to promoting diversity and equality within the organisation. The activities under the intervention area aim to reduce unconscious bias in recruitment and promotion processes and ensure a broad representation of talent in the organisation's leadership pipeline.

To promote inclusion, the university has chosen the intervention areas organisational culture and work-life balance. The university will raise awareness of inclusive language and management and examine the working environment to ensure inclusion regardless of physical or mental disability, religion, etc. The university will also strive to foster work-life balance through life-stage policies, flexible working conditions and flexible models for stays abroad.

Anchoring of responsibility

ANCHORING OF INTERVENTION AREAS AND ACTIVITIES

The strategic action plan is anchored at three different levels: university, faculty and departmental.

The action plan is followed up annually to ensure that all activities remain relevant to work on.

Elaboration of activities

Intervention area: Recruitment and career development

Purpose: Reduce bias and increase management skills in recruitment and promotion processes, and ensure diversity among potential future leaders at AAU.

Activity	Deliverables	
 Reducing bias in recruitment processes Develop new job advertisement templates that appeal to a wider range of applicants. Develop models for inclusive recruitment processes that reduce unconscious bias. Offer workshops to raise awareness and provide tools to deal with unconscious bias in recruitment and other processes. 	The HR department will develop new templates for job advertisements. The Committee for Gender Equality and Diversity will develop models for inclusive recruitment processes. The Committee for Gender Equality and Diversity will offer workshops on unconscious bias.	
 Review qualification requirements for all job categories and adjust them if they directly or indirectly promote discrimination or stereotyping. Work systematically with career planning to promote gender equality, e.g. in the context of staff performance appraisals. Establish a mentoring scheme for academic and support (technical-administrative) staff to provide guidance on career development. 	Departments will review qualification requirements for job categories in collaboration with the HR department. Faculties/departments will discuss how to increase diversity in connection with career planning. The HR department will update the staff performance appraisal concept. The Committee for Gender Equality and Diversity will prepare a proposal for a mentoring scheme for academic staff and support staff.	
Competence development programme for management talent Develop a competence development programme for potential managers to promote gender equality, among other things. The programmes are aimed at:	The HR department will prepare proposals for competence development programmes. Departments will select staff and invite them to participate.	

Department heads/administrative managersSecretariat heads/section heads/area heads

Intervention area: Organisational culture

rooms, etc.

• Conduct an AAU inclusion survey.

Purpose: Create the foundation for an inclusive culture at AAU.

Activity	Deliverables	
 Inclusive language and communication Raise awareness of stereotypes in text and images, for example, through workshops on inclusive communication. Offer courses on good written and oral communication, for instance, good e-mail communication and meeting culture. Review the university's design guide to ensure it is inclusive of people with visual impairments, etc. Prepare proposals for the inclusion of international staff in university committees. Launch initiatives to include non-binary people such as with regard to forms. 	The Committee for Gender Equality and Diversity will offer workshops on inclusive communication. AAU Communication will review the design guide and make any necessary adjustments. The Committee for Gender Equality and Diversity will prepare proposals for inclusion in university committees. The HR department will prepare proposals for the inclusion of non-binary persons.	
 Inclusive management Offer workshops on inclusive management. Launch initiatives at the faculty and department level, for example, by highlighting role models, selecting gender equality and diversity representatives or setting diversity targets for management and senior positions. Work systematically with inclusive management, for instance, in management performance appraisal interviews and "360-degree evaluations". 	The Committee for Gender Equality and Diversity will offer workshops on inclusive leadership. Faculties/departments will launch local interventions based on Leadership Day 2021. HR department will update the concept of management appraisal interviews and 360-degree evaluation".	
 Inclusive conditions for people with special needs Conduct a survey of the university's working environment in relation to: Inclusion of people with physical, cognitive, mental and sensory disabilities, for instance, through universal design. Inclusion of people with needs related to their religion, such as food, toilet facilities, prayer rooms, etc. 	The HR department will conduct the survey in collaboration with CAS and the Research Group for Universal Design. The inclusion survey will be carried out by an external consultancy firm.	

Intervention area: Work-life balance

Purpose: Create a flexible, inclusive and family-friendly workplace at AAU.

Activity	Deliverables
 Proposals for life-stage policies Identify best practice initiatives that benefit employees at all stages of life. Prepare a "life-stage policy". 	The Committee for Gender Equality and Diversity will compile a list of best practice initiatives. The Committee for Gender Equality and Diversity is preparing proposals for a "lifestage policy".
 Proposals for flexible working conditions Identify best practice initiatives that contribute to greater flexibility. Develop a policy/guidelines for flexible work at AAU. 	The Committee for Gender Equality and Diversity will compile a list of best practice initiatives. The Committee for Gender Equality and Diversity will prepare proposals for flexibility at AAU.
Proposals for flexible models for stays abroad Develop flexible models for stays abroad that accommodate staff who, for family or other reasons,	The Committee for Gender Equality and Diversity will prepare proposals for flexible models.
