Welcome to Scandinavia

The region of equality, trust and freedom of speech

Curious about Nordic values and what it feels like to live in one of the happiest and safest countries in the world? Are you ready to experience a culture built on trust and equality – all while achieving your academic goals?

*Unfold your full potential in Denmark – where culture and nature come together to inspire you to embrace **hygge** and uncover the beauty of a country that feels like home.*

*“Your dedication to creating a **safe**, comfortable, and **inclusive environment** for international students like me is truly commendable. I **felt at home** in the accommodation provided, which also played an important role in helping me focus on my studies and adapt to my new surroundings.”*

Discover Denmark – Explore Europe

Life isn't just about studying – it's about living

Danish culture is a unique blend of freedom, equality, balance and the simple joys of everyday life. Balance isn't something you chase after work. It's woven into the rhythm of the Danish lifestyle. Our culture is built on the belief that people thrive when they have time for both professional ambition and personal well-being – you'll feel that in the way we live, work, and connect.

Spark your creativity and let yourself be inspired by the Danish vibes

Take some time to kick off your shoes and feel the sand beneath your feet at one of our many beaches, wander through the peaceful national parks, or feel the energizing festivals and sport events.

And if you want to see something truly remarkable – visit Skagen – where the North Sea and the Baltic Sea meet in a breathtaking view you won't forget.

Denmark is the land of freedom, fairytales and so much more ...

Experience Denmark's relaxed vibe and unique culture. From innovative design and Nordic cuisine to charming waterfronts and the cozy café atmosphere – it's a place where you can truly belong.

And there's plenty more you can do across Denmark

- Cycle through scenic streets and coastal paths that connect cities and nature.
- We have 8,750 kilometer coastline and some of Europe's most beautiful beaches *and* you are never more than 52 km from a beach.
- Enjoy the beach in Blokhus, Løkken or Skagen or visit the beautiful cliffs of Møns Klint and Råbjerg Mile.
- Join Aalborg Carnival – Northern Europe's biggest carnival, attracting guests from across the globe.
- Step back in time in Aarhus and explore Den Gamle By, an open-air museum that brings Danish history to life or visit one of our many Viking Museums.
- Feel the energizing city during Copenhagen fashion week.
- Stroll through Copenhagen's iconic Nyhavn and enjoy the magic of Tivoli Gardens.
- Visit Jomfru Ane Gade in Aalborg – Denmark's largest party street.
- Let your inner child loose at Fårup Sommerland and feel the rush of the fastest rollercoaster in Northern Europe.
- Experience creativity and play at the LEGO House in Billund.
- Visit The 45 meter high Forest Tower at Zealand
- Go surfing at Cold Hawaii i Thy – the best surfing spot for experienced surfers in Denmark.
- Discover Aalborg's vibrant street art – with more than 70 unique murals scattered across the city
- Experience live music, large festivals, comedy, and much, much more..

Let Denmark be your gateway to Europe

Denmark sits at the heart of Northern Europe, making it easy to explore the continent. With international airports in Copenhagen, Aalborg and Billund, weekend trips to cities like Paris, London or Amsterdam are just a short flight away.

Welcome to Aalborg University

Start your personal and academic development in Denmark where you will be part of an intercultural community that prepares you for the global job market.

As an exchange student at Aalborg University you'll thrive in an open and inclusive academic environment where collaboration, creativity, and critical thinking are at the heart of everything we do.

Aalborg University is known worldwide for our unique study method Problem-Based-Learning (PBL) that elevates your academic skills by building bridges between theory and practice, and empowering you to tackle real-world challenges through teamwork and knowledge sharing.

*"The group work around the project and PBL (e.g. exercises and assignments with other groups) helped to **connect to the other danish students**. I felt myself socially included and very comfortable all the time."*

One of the best experiences of my life to be honest. Thanks for having me!

"Being a student at AAU and being a part of the PBL method really helped me evolve as a student and I'm super grateful for the opportunity."

*"I really liked the PBL, since I think that the **learning effect is much higher** than just learning things for a written exam and possibly forgetting about the things learned after the exam"*

WORLD-CLASS
PROBLEM-BASED LEARNING

Aalborg University (AAU) is internationally recognized for its unique PBL model, where students work in teams to solve real-life challenges.

Aalborg University (AAU)

Aalborg University consists of **three campuses** located in **Aalborg** (main campus), **Esbjerg** and **Copenhagen**. On a national basis approximately **18,000 students** are studying at Aalborg University.

Aalborg University - Aalborg Campus

The **main campus** of AAU is located in the northern part of Denmark, in **the 4th largest city, Aalborg**. This campus is our biggest campus with approximately **15,000 students**. This campus offers a wide range of study fields, with **everything from biotechnology to language studies**.

Aalborg University - Copenhagen Campus

AAU CPH is our campus in **the capital of Denmark, Copenhagen**, with approximately **2,600 students**. Situated in **the heart of Copenhagen**, AAU CPH's modern buildings are located right down to the canals and parks. The campus offers education within the **study fields of technology and IT**.

Aalborg University - Esbjerg Campus

AAU Esbjerg can be found on the west coast of Denmark towards the North Sea and is **the 5th largest city in Denmark**. The city of Esbjerg is part of the **"World Energy Cities Partnership"** which attracts many businesses within sustainability. This campus is the smallest of the three campuses with about **400 attending students**. AAU Esbjerg offers **programs focusing on natural science and engineering**.

Starting university in a new country is exciting – but it can also feel a bit overwhelming.

Don't worry, we are here for you ...

To make sure you have the best possible stay in Denmark, we have tailored an extensive introduction programme that start from the moment you are accepted. After your arrival we have tailored up to two weeks of different welcome activities to make sure you have the best onboarding experience and welcome at AAU.

And there's more – meet your Buddy!

Your buddy is a current AAU student who understands what it's like to be new in Denmark. They can assist with practical matters...

but most importantly help you integrate socially by introducing you to events, activities, and other students, across disciplines so you quickly feel part of the AAU community.

It's a great way to build friendships, get practical tips, and feel at home faster – both at AAU and in your new city.

Denmark has sunny summers, bright springs, colorful autumns, and cool winters. From crisp winter days to mild summer days and everything in between.
