NTE: Invitation to the Grundfos Prize. It would be well-suited for students in their 5th semester and could be a good idea around the start of the semester. Per Halkjær and Mads Albertsen have previously received the prize.  Mads: The “Teacher of the Year” has not yet been announced, neither on LinkedIn nor in the newsletter. NTE: There hasn’t been a newsletter since. LHP: It will probably be mentioned at the department seminar on August 21–22.
