EARTH DAY 2024

COMMUNICATING CLIMATE CHANGE RESEARCH

The Department of Mathematical Sciences invites students, faculty, and the public to join us for this year's event commemorating the United Nations' Earth Day.

**FREE PIZZA
AND DRINKS
for all
participants in
the hackathon.**

WHERE AND WHEN?

April 22, 2024
8.30 am - 5.00 pm

Department of
Mathematical Sciences
Skjernvej 4A,
9220

WHAT?

Interested in climate change research and effective communication? Want to connect with like-minded individuals and enjoy memes? Join us for Earth Day Event 2024!

ABOUT THE EVENT

Discover the latest climate research through presentations by invited speakers, tailored for a general audience.

Dive into our climate-related hackathon, where you can apply your design, mathematical, or computational skills to develop tools for effective climate change communication. We

encourage cross-disciplinary collaboration by inviting friends to join your team – expertise is not required, just enthusiasm and a willingness to learn.

Finally, showcase your sense of humor and knowledge in our climate change meme competition. Craft memes that are both funny and informative!
